

2012 Dental / Orthodontic Benefit

Group Health Cooperative of Eau Claire (GHC) provides preventive dental coverage to all State* members through GHC participating providers.

Dental benefits include 100% coverage for the following:

- Fluoride treatments
- Sealants
- Routine exams and cleanings twice per year
- Routine X-rays

The dental benefits also include 50% orthodontic coverage – limited to \$600 per member per calendar year and \$1,200 per member per lifetime. This coverage is limited to dependent children through age 18. If orthodontic treatment begins before the GHC effective date, the actual amount paid by a prior plan will be applied to GHC's lifetime maximum. In the absence of a prior carrier, GHC will apply 50% of an individual member's orthodontic payments to the lifetime maximum. **Please note, oral surgery benefits covered under Uniform Benefits must be obtained from an oral surgeon listed in the medical provider directory.**

Please call a Member Services Advocate at (715) 552-4300 or (888) 203-7770 for more specific benefit information.
