A Teladoc® doctor is a call or click away

Your Teladoc account gives you 24/7/365 access to U.S. board-certified doctors and pediatricians through the convenience of phone or video consults. That means you can talk to a doctor anytime you need care now.

**WHEN CAN I USE TELADOC?**
Teladoc does not replace your primary care physician. It is a convenient and affordable option for quality care.
- When you need care now
- If you’re considering the ER or urgent care center for a non-emergency issue
- On vacation, on a business trip, or away from home
- For short-term prescription refills

**GET THE CARE YOU NEED**
Teladoc doctors can treat many medical conditions, including:
- Cold & flu symptoms
- Allergies
- Bronchitis
- Urinary tract infection
- Respiratory infection
- Sinus problems
- And more!

**MEET OUR DOCTORS**
Teladoc is simply a new way to access qualified doctors. All Teladoc doctors:
- Are practicing PCPs, pediatricians, and family medicine physicians
- Average 15 years experience
- Are U.S. board-certified and licensed in your state
- Are credentialed every three years, meeting NCQA standards

With your consent, Teladoc is happy to provide information about your Teladoc consult to your primary care physician.

While it is important to establish an ongoing relationship with a primary care provider, you do not need a referral from your primary care doctor to see a specialist in the Group Health Cooperative network.

Our provider directory includes over 4,000 primary and specialty care physicians and more than 40 hospitals in Western Wisconsin and Minnesota.

While it is important to establish an ongoing relationship with a primary care provider, you do not need a referral from your primary care doctor to see a specialist in the Group Health Cooperative network.
